# Richmond Woodturners

#### June 18th Upcoming Meeting

The demonstrator for our June meeting will be Rudy Lopez coming to us from his Tampa studio. He will demonstrate how to make a natural edge thin stem goblet. This is his most popular demo and it can be done on a small or large lathe. For July Bob Silkensen will be giving us a demo on making a Rude Osolnik style candlesticks. For August I will line up another remote demonstrator with an interesting demo.

#### May Last Meeting Notes

Zoom meeting opened at 6:15 pm and the meeting will begin at 6:30 PM.

The agenda included:

- 1. Brief orientation by Jared Parker.
- 2. Brief business meeting.
- 3. Introduction to "Beads of Courage" program Prepared by Cody Walker.
- 4. Show and Tell.
- 5. Break, snacks, and beverage of choice is all on you.
- 6 Beads of Courage video.

With our last trial sessions and meeting, we have been learning the ins & outs of Zoom and trying to learn a better way of offering Show & Tell for best effect and in a timely manner. Inadequate lighting, glare and focus do not always work well. If you took the time to create it, let's try to show it reasonably well.

This is how Show & Tell may work better, and for publishing to our Newsletter:

Take a photo or 2 of your S&T piece and send with brief description to:

Bill Buchanan: mailto:Buchanan198@gmail.com

Bob Marchese: mailto:robtmarchese@gmail.com

Email subject line should make sense at a quick glance. Don't send as reply to a Xmas party email.

Photos will be edited if necessary and published in Newsletter.

The first 15 folks to send in a photo will be offered time to discuss their item as they are displayed at the Zoom meeting – just like regular show & tell.

In the interest of time, we will request that each item's discussion be limited to "two minutes.

We look forward to seeing your projects.

### President's Message

Well folks, here we are at the beginning of summer, school vacations, family trips, local pools, baseball and time at the beach. At least we can dream about how things were and will be again. While we won't be able to meet in person again this month, it will happen and we will have the opportunity to shake hands again. But for now, we'll continue to maintain absolute rigid flexibility with regard to some of our usual summer events such as our 4-H camp, MakerFest and State Fair that have yet to be determined.

In the mean time, it continues to be fun and exciting to observe the ingenuity and speed with which demonstrations are evolving and progressing with today's technology. Even the professional demonstrators who are well versed in the virtual display formats have stepped up their game with new and increasingly creative ideas. Of particular enjoyment and pride is seeing how at least one of our local talents has stepped up to show that even the non-pro's can be innovative and creative along a similar vein. I have no doubt that more of our own has, or can quickly develop the talent to offer virtual demonstrations as well.

If you think about it, woodturners are a highly creative bunch, and who better to "think out of the box" for ways to present their work. The future of demonstrations will be changed forever by these new ideas. It might be interesting as well to see how we incorporate these new concepts into our own in-person meetings in the future. While virtual meetings are progressive, allowing us to meet where we otherwise wouldn't be able to meet at all, they can never replace the in-person experience.

Based on some of the photos I have received so far in advance of our meeting night, it's very apparent that many of you have been keeping busy in your shops creating some wonderful work - some in duplicate, triplicate and so on. Why make one, when we can do more of what we enjoy rather quickly and easily?

This month we will hold our live remote meeting . Thanks once again to Jared for his diligence and expertise in helping us out in these interesting times.

Stay tuned to your e-mail for further details to include a "Zoom" invitation with log- in credentials.

Keep well, protect yourselves and stay in touch.

Bill Buchanan

# Future Demonstrations-An Update

We now know that YouTube is not a good source for demonstrations, even with the proper permissions from the creator. My plan going forward is to try and alternate monthly between a remote demonstration and a presentation by a club member. Thanks to Bob Silkensen for being our ground breaker on our first totally inhouse zoom demo. With regards to the remote demos it is easy to cop out and go to one of the big-name demonstrators, however I want to look at some of the lesser known turners that are getting into this market. If you are familiar with one of these turners that you think can offer us demo that is interesting and educational let me know and we can investigate using them. I think with this approach it will be an easy transition back to the live and/or remote demos when we can meet in person again.

#### **Hello Woodturners**

With the AAW Symposium cancellation, Think about spending part of your symposium fee, airfare, and hotel to support our vendors, demonstrators, and artists, or organizations working to MOODTHRNIES help fight the COVID-19 pandemic. Your online purchases could tip the scales for small businesses, keeping them afloat in these very challenging times.

Yours respectfully,

Phil McDonald, Executive Director on behalf of the AAW Board and staff American Association of Woodturners 222 Landmark Center 75 5th St W, Saint Paul, MN 55102 651-484-9094 | memberservices@woodturner.org

Announcing the Cancellation of the 2020 Mid Atlantic Woodturners Symposium In an abundance of caution, and concern for the safety and well-being of our attendees, demonstrators, exhibitors, and staff, the Board of the Mid Atlantic Woodturners Association has come to the difficult conclusion to cancel the 2020 Symposium that was planned for September 25 - 27. We are proceeding with plans to resume our program next year, and have set the dates of September 24 - 26, 2021. Our venue will again be the Lancaster Marriott.

If you have already registered and paid for admission this year, we will shortly refund the entire amount you paid.

Your participation in past and future Mid Atlantic Woodturners Association Symposiums is greatly appreciated, and we look forward to moving into the future with more and even better shows.

Thank you for your support. Stay well and healthy so we can see you next year.

Sincerely, Rick Baker Mid Atlantic Woodturners Association info@mawts.com

### **Simple Photo Techniques**

Whether you are a beginner or more experienced with photography, here are some of our favorite tips that will help you improve your photography!

- 1. Use the Rule of Thirds.
- 2. Avoid Camera Shake.
- 3. Learn to use the Exposure Triangle.
- 4. Use a Polarizing Filter.
- 5. Create a Sense of Depth.
- 6. Use Simple Backgrounds.
- 7. Don't Use Flash Indoors.

Much more information on simple techniques can be retrieved from the internet with a couple of simple searches. Search for ...:photography techniques for beginners"

#### **Photography Tips For Beginners**

- 1. Get in close. Zoom decreases your photo quality, but your feet don't
- 2. Practice every day
- 3. Check for even lighting
- 4. Keep an eye out for composition
- 5. Keep your batteries charged
- 6. Plan out your depth of field
- 7. Watch for the golden hour
- 8. Use tripod or hold camera on/next to stable object
