## EGGS Made by a Few Good Eggs

Deane Cox, Danny Luttrell and David Sterling turned eggs while all watched. Eggs are considered the most difficult turning because everyone knows what an egg looks like and the diameter of the egg keeps changing. They are turned between centers than placed into a PVC spring chuck for turning off the ends.

A template of a real egg will help you get started. A 2 X 2 X 3" block makes a nice Grade A egg. Round up the block, mark the center & ends. Remove the excess on both ends and with a parting tool cut down to the diameter of the center of your egg (must be a close fit to your chuck). Shape & sand the egg as much as possible on the lathe. Mount the egg into the egg chuck and turn & sand the ends. Dick Sing has a good book on ornaments & eggs.

**Shows Coming Out Of VA:**

**March 26-27**, "2011 Totally Turning Symposium", Saratoga Springs, NY

**April 29-May 1**, Southern States 11th Woodturning Symposium, Gainesville GA

**June 2011**, AAW Symposium Saint Paul, MN

**Shows Coming In VA:**

**May:** Woodcraft Turning Competition, Richmond

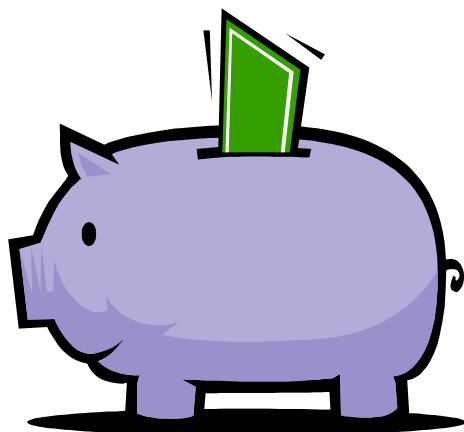

**More Good Eggs**

**Meeting Vibrations**

Charles Farrar came here March 5.

Allan Batty (author & demonstrator) had a stroke sometime ago.

Harry, Lee, Danny, and Andy made the many egg chucks. Thank you guys

Check your membership list for your number & check the snack list to see when you're up. Last names have been added because so many emailed me to find out their member number.

## FOR SALE, BUY, or TRADE

Ray Deyo offers a 10% discount on non-power tools and supplies on meeting nights at Woodcraft for members only. Another very good reason to join us every month!

WHAT You Don't Have anything to Sell?

The weather is getting better, time to clean out the shop, wood pile and other places we hide things from the spouse.

### For Sale

I have a supply of old 2x4 oak timbers, cheap, at least I believe so, if anyone is interested. 757-565-3354.
