THE MISSION OF RICHMOND WOODTURNERS IS TO PROVIDE EDUCATION AND INFORMATION TO THOSE WHO ARE INTERESTED IN WOODTURNING AND TO PROMOTE WOODTURNING AS AN ART FORM WITHIN THE CLUB AND TO THE GENERAL PUBLIC

FEATURE

May Demonstration

GET A GRIP

We are going to try a little different format with Four highly skilled demonstrators using two lathes in separate rooms to offer alternatives for getting square and uneven wood into a thing of beauty and a joy forever. The Four Amigos will offer information for the new turner as well as the experienced turner in four-twenty minute presentations with two commercial breaks and two locations. There will be NO DOZING OFF at this meeting. The presentations at the Powermatic will be broadcast and recorded.

Dan Luttrell

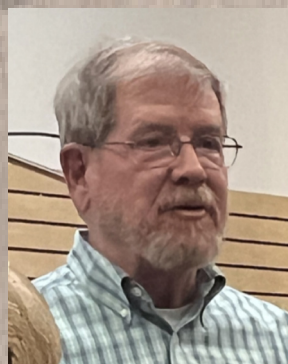

Longworth chucks and other good stuff.

John Daniel

Four jaw chucks tips & useful trick to get a grip.

Ray Deyo

Drive centers and how to use them best.

Steve Kellner

President's Corner

Steve Kellner

I'd like to start with an apology to those who tried to attend the April meeting online. The recording provided by Rick Urban was sent to the club membership email list from Ron Bishop and will be available until May 21st. As to the presentation, Rich Urban gave an interesting presentation on what to look for when turning the 'Perfect bowl'; food for thought on what makes a perfect bowl. We also had an outing at Henrico County Farm Day. We had 2 lathes set up for turning demonstrations and Dave set up a carving station. We had a good number of club members participate but attendance was light. We're still looking for other venues to showcase woodturning. If you have any ideas, let John know.

This month's and next month's meetings feature 'Home grown' talent; my favorite type of Demo! I would love to see more of these but we'll need your help! Please consider volunteering to demonstrate! Thanks for listening.

Results of Sale of items donated by the family of Carlisle Childress

The gracious donation of materials from the estate of Carlisle Childress to Richmond Woodturners at last months Turner's Talk was a great success. The club added \$745.00 to our treasury to date.

Thank you to the family of Carlisle Childress for the gift and to the members of Richmond Woodturners for the turnout.

Please bring and wear your badge to the meeting!

If you want one, please contact Larry Yancey, lpynancey@gmail.com. The first one is free to members. There is a fee of \$10.00 to replace a lost one.

Dear Mr. Daniel,

Thank you so much for your generous donation to the Child Life department at the Children's Hospital of Richmond.

With your thoughtful gift, our team can continue providing support and comfort for our patients.

We could not do this without your support. Thank you again for your wonderful donation!

Ingratitude,

- Vought F4U Corsair, WWII vintage fighter plane
I imported pics of Corsairs into Autocad and modeled the plane's components to scale. Wingspan is 15"
- Nose section is made of 4 ply poplar,
 - Fuselage is made of 5 ply poplar using "lost wood technique"
 - Wings are bent 2 ply poplar using kerf cut bending method.
 - Tail, wheels and fuel tanks are made of poplar.
 - Windshield is cast acrylic.
 - Finish: white undercoat, metallic blue spray, and over 50 coats of semi gloss lacquer.
 - Decals made using Cricut cutter
 - Propellers purchased for RC airplanes

Chuck Horton

Finials similar to Cindy Drozda's. Maple, 5" and 6" high. The black one is spray painted.

Home made vacuum chucks in different diameters and configurations. Most of these chucks use o-rings to seal but also vacuum assisted jam chuck.

Jerry Harvey

Vase 9"x6" found wood, probably spalted poplar, Artisan wood dye. Shellac finish.

David Bushman

Walnut ikebana vase. It was originally turned to a round shape but with the help of a bandsaw, it became a teardrop. The smaller hollowed out circle was turned on an offset parallel axis. I used malachite sand to fill some of the larger cracks and brown medium CA on the smaller cracks. This design was chosen to feature the nice feather grain in the wood. The finish is wipe on poly.

Upcoming Events

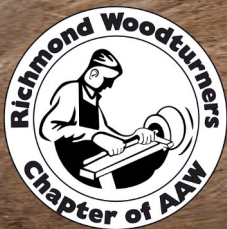

Once again, AAW is offering a chapter discount to attend the St Paul Symposium virtually. I attended the last AAW Symposium virtually and found it to be a good deal. The videos were very well done and I found it very convenient to watch them on my schedule and watched some of them several times.

If at least 5 members of Richmond Woodturners sign up, all signers will get a \$20 discount on the fee of \$99. The \$99 price is good until 5/31, thereafter it goes to \$149. You must also be a member of AAW to be eligible for the \$99 fee. (\$79 with the discount). The fee for non-AAW members is higher, but you can still get the discount.

To register, go to "[Woodturner.org](https://www.woodturner.org)" and click on St Paul Symposium, then virtual registration, and use the discount code "VIRTUAL25GROUP" (all caps).

Please email me if you sign up or have any questions.

Klingspor and Penn State discount programs

Both Klingspor and Penn State Industries offer a 10% discount to members of woodturning clubs. If any member wishes to participate, both companies require the club to submit your name, email address, phone number, and mailing address. You must then establish an online account with a user name and password. Thereafter, you will receive an automatic 10% discount on all on line purchases.

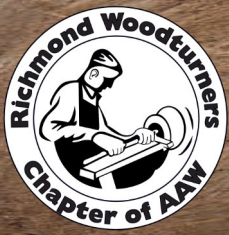

Chuck Horton (our Secretary) is the contact point for RWT members who wish to participate. If you want to sign up for either or both discounts, send Chuck an email noting P, K, or both and he will forward your information to the appropriate company. (hortoncharles876@gmail.com)

If you DO NOT wish to participate, no action is necessary and your data will NOT be submitted.
